Sizes

Please fill in the shoe size & fitting your think you require on the Order Form or, if in doubt, check the inside of your current Crockett & Jones shoes where the information is usually printed on the lining. If this is illegible, you can post us an outline of your stockinged foot, which can give a very good guide to your size & fitting. (Please do not fax the outline, as this can distort in transmission.) As we keep a record of all our customer's size details, in the event of a difference between our records and the size stated on your order, we will contact you before dispatch.
