12 December, 2010

Dear Sir / Madam

Thank you for your enquiry regarding the clock Fusee chains we manufacture, we are pleased to supply the information requested as follows: -

We are currently producing five different sizes of chain: -

Chain No.	Width	Height	Pull Test Load	Maximum Safe Working Load	Price per Centimetre
1	0.90mm	1.80mm	25lbs.	10lbs.	Not Available
2	0.73mm	2.35mm	30lbs	14lbs.	£1.50
3	0.83mm	2.35mm	40lbs.	16lbs	£1.50
4	1.30mm	2.80mm	60lbs.	24lbs.	£0.90
5	2.20mm	2.80mm	110lbs.	50lbs.	£2.50

All Prices are in pounds Sterling.

Prices are held firm up to 31 December 2009

We will make any length of chain to suit your individual requirements. Hooks (Barrel or Fusee are available if required. **The direction of these hooks is to be stated in your order.** The price is calculated on the overall length, with hooks if fitted.

Payment is required with your order. For overseas customers this should either be by Euro cheque, Bankers Draft or Telegraphic Transfer, always in pound sterling.

Registered post and packing charge per chain is £8.00 within the U.K. and generally £10.00 for other countries. Post and packaging for Canada and the U.S.A. is £12.00.

Goods are despatched normally within ten weeks of receiving your order and payment.

Should you require any further information then please do not hesitate to contact us.

We look forward to be of service to you.

Yours sincerely

Mavis  
M R Hutchings
